## Section II—Cover Sheet

This cover sheet is to be completed for each Time Extension (TE) or Alternative Diversion Requirement (ADR) requested.

### 1. Eligibility

Has your jurisdiction filed its Source Reduction and Recycling Element, Household Hazardous Waste Element, and Nondisposal Facility Element with the Board (must have been filed by July 1, 1998 if you are requesting an ADR)? Yes

No. If no, stop; not eligible for a TE or ADR.

Yes. If yes, then eligible for a TE or ADR.

### 2. Specific Request and Length of Request

Please specify the request desired.

#### Time Extension Request

Specific years requested 2005

Is this a second request? No ☒ Yes Specific years requested. 2003-4  
(Note: Requests for an additional extension will need to address why the jurisdiction's efforts to meet the 50% goal by the end of the first extension were not successful.)

#### Alternative Diversion Requirement Request (*Not allowed for Regional Agencies*).

Specific ADR requested \_\_\_\_\_%, for the years \_\_\_\_\_.

Is this a second ADR request? No ☒ Yes Specific ADR requested \_\_\_\_\_%, for the years \_\_\_\_\_.

(Note: Requests for an additional ADR will need to address why the jurisdiction's efforts to meet 50% by the end of the first ADR period were not successful.)

**Note:** Extensions may be requested anytime by a jurisdiction, but will only be effective in the years from January 1, 2000 to January 1, 2006. An original request for a TE/ADR may be granted for any period up to three years and subsequent requests for TE/ADR may extend the original request or be based on new circumstances but the total number of years for all requests cannot total more than five years or extend beyond January 1, 2006.

### **Section IIIA—TIME EXTENSION**

**Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's progress in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.**

*Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g., IIIA-1).*

- 1. Why does your jurisdiction need more time to meet the 50% goal? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.**

The City needs additional time to meet the 50% goal in order to coordinate efforts with local businesses, schools, and the Calipatria State Prison. The City intends to conduct an educational program to promote recycling to local residents, implement a program to reduce contamination rates, meet with school officials to encourage them to recycle paper products, discuss with the State prison if it would be feasible to have them collect cardboard generated by local business into their existing program. The City is presently diverting 49% and we feel that with additional time to conduct the above described activities the City will achieve and perhaps surpass the 50% requirement. City needs to convince local businesses to recycle by providing a financial incentive.

- 2. Why does your jurisdiction need the amount of time requested? Describe any relevant circumstances in the jurisdiction that contribute to the need for a Time Extension.**

The City has a limited amount of staff and resources to implement programs. Our goal to achieve or surpass a 50% diversion rate is one that we feel is achievable with additional time to reactivate our efforts. In the past, the City has depended largely on IVWMTF staff and now realizes that local effort is needed to achieve the goal. City staff has recently discussed potential methods/programs to increase local diversion rates with CIWMB staff and we are confident that additional effort will yield desired results.

- 3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.**

Although a procurement ordinance was not adopted by the City until February 2005, staff has been purchasing recycled office products for at least the past two years. Staff has participated in IVWMTF events including used tire collections. The City has asked contractors to recycle or reuse all demolition and construction materials for the last two years even though it has not adopted the C&D ordinance. The ordinance has not been adopted due to enforcement issues. Enforcement is not possible at this time due to lack of City staff. The County presently reviews all building plans and does not require recycling in their review. The City is presently discussing with the County building department the feasibility of enforcing a C&D ordinance under revised terms of its existing contract for plan check and building inspections. City crews have been mulching grass clippings for the last 10 years and chipping all tree limbs for use as mulch in parks and landscape medians. The City intends to establish a used oil collection center at its Public Works maintenance yard or possibly at the Fire Department. Up to 300 houses are planned to be built in the City of Calipatria in future years. Prior to these homes being built, the City will consider the financial feasibility of hiring enforcement staff that could enforce a recycling ordinance for C&D. Within the past three years, all major street construction projects undertaken in the City have diverted several thousand tons of used asphalt and concrete rubble from landfills that have been used to fill potholes, improve unpaved alleys and as rip-rap to prevent soil erosion along the New River.

- 4. Provide any additional relevant information that supports the request.**

City staff are committed to doing what it takes to achieve a 50% diversion rate and because we are so close to achieving this goal, we feel that our request for a time extension is legitimate and not just an excuse to buy more time.

**Section IIIB—ALTERNATIVE DIVERSION REQUIREMENT**

**Within this section, discuss your jurisdiction's progress in implementing diversion programs that were planned to achieve 50%. Provide any additional information that demonstrates "good faith effort." The CIWMB shall determine your jurisdiction's efforts in demonstrating "good faith effort" towards complying with AB 939. Note: The answers to each question should be comprehensive and provide specific details regarding the jurisdiction's situation.**

*Attach additional sheets if necessary—please reference each response to the appropriate cell number (e.g., IIIB-1.).*
